## PROTECTING YOUR ACCOUNT

It's rare when it happens, but occasionally, unexpectedly, incoming funds and outgoing payments do not always arrive in your account when you anticipate. Even in the modern technological age, checks are still sometimes "in the mail." One way we help our members to avoid these hiccups is by introducing our new Premium Overdraft Protection for most of our checking accounts in order to help our members protect your accounts.

## ENROLLMENT

If you are eighteen and older and have a qualifying draft account, you are automatically enrolled. If your account should become overdrawn, you will have access to Premium Overdraft service to cover your purchases or payments. Depending on the account, your coverage level may vary and a fee will be assessed, but you may be assured that your transactions will be processed without delay.

One of the best features of Premium Overdraft Protection is the monthly cost: it's complimentary with most draft products we offer to our members. [See Schedule.](#)

## EXCEPTIONS AND EXCLUSIONS

While most of our draft accounts are covered by Premium Overdraft Protection, eChecking accounts and trust accounts do not qualify for this service. Members are welcome to opt out of Premium Overdraft Protection, simply
